

# Frontier™ LED Mini Bar Meets the Most Stringent Lighting Standards in the U.S.A!

Code 3's PSE Amber warning division offers the Frontier LED Mini Bar that meets California Title 13 requirements with a clear lens, providing high intensity light at a cost effective price. This mini bar features the high quality Torus™ LEDs in front and rear, 21 flash patterns, and includes both permanent and magnetic mounting hardware. PSE Amber also offers the Rapid Response Warranty Service, guaranteeing that if needed, a replacement ships within 24 hours.

The LED modules (amber, red or blue) have a 5 year warranty, meet SAE Class 1 requirements and are rated 100,000 hours of life.

The Frontier mini bar is O-ring sealed for excellent water resistance, available in both permanent, magnetic and suction/magnetic mount with a 9 foot straight cord with lighter plug and switch. For more information visit [code3pse.com](http://code3pse.com).

Established in 1974, Code 3 Inc. designs and manufactures a complete line of emergency lighting and warning products for police, fire, emergency response, utility and industrial applications. Code 3 Inc. is a Public Safety Equipment Company.
