

CSTIK-MR6-RABA

Multi-Use Rear Window Lighting

CommandStik™

Benefits

- Increases user flexibility for emergency and directional operations with several models offering the following functions: warning lights, arrow stick, and reverse or scene lighting
- Completes vehicle lighting package with an interior rear deck or window light incorporating the MR6 multicolor or Torus® single-color technology
- Decreases install time with a universal design to fit inside rear windows, built-in central controller design provides quicker wiring connection and self-contained systems
- Simplifies operation using standard on/off switching or siren/light control systems such as the Z3™, does not require a dedicated controller

Design Features

- Multicolor CommandStik– contains six multicolor MR6 lights and uses the Flex Central Controller designed for multicolor functions
- Single-color CommandStik– contains eight Torus, three-LED lightheads, central controller board with numerous flash patterns or arrow flash
- Driven by a controller technology which includes numerous standard flash patterns and ArrowStik® functionality
- Reverse and scene lighting are enabled when white multicolor combinations are selected
- Universal mounting for interior applications
- Optional NASCC and CCASC controller
- Optional magnetic mount
