

ADM25LOWKIT

Pursuit Mounting Kits

Benefits

- The adjustable mounting kits from Code 3 provide a universal fit that allows a lightbar to be adjusted to perfectly match the contours of today's police vehicles.
- Available in standard and low-profile versions

Design Features

- A bracket and system allows the lightbar to be adjusted for height and front/back angle to ensure the lightbar is perfectly level.
- The new adjustable mounting kits are equipped with a simple, one mounting bolt system per side to make mounting and installation a breeze.
- New adjustable mounting feet are zinc plated and black powder coated with a hard polypropylene cover for extreme durability in even the harshest environments.
- The adjustable mounting feet are pursuit speed tested – no extra brackets are required to meet pursuit speed rating.
- The adjustable mounting feet feature a slim, low-profile design that complements the sleek aesthetic of today's police vehicles.
